

WELCOME TO BIG SKY – MONTANA JANUARY 26 – FEBRUARY 2, 2019

The vastness of the Big Sky and the unique scenic beauty will envelop your senses and revitalize your soul. Then once you strap on our skis and explore the mountains, you'll feel as if this winter paradise was reserved exclusively for you. Ski Big Sky and discover acres of terrain on 3 immense mountains providing you with enough variety and expanse to keep you excited all week.

Their Best-kept Secret - Big Sky is a scenic, uncluttered, and laid-back resort. It contains 150 named runs that cover over 85 miles. The longest run, Liberty Bowl to Mountain Mall, spans 6 miles. However, what delights skiers most is not necessarily the long runs – it's Big Sky's dedication to keeping lift lines short.

The Biggest Skiing in America ticket gives skiers and riders access to a vast 5,532 acres of interconnected trails and lifts, all with one pass. Big Sky skiing has captured the ski world's attention with its awe-inspiring Lone Peak Tram to the 11,166-foot summit of its mountain namesake. The tram has bestowed the honor upon Big Sky of having the total most vertical feet of skiing in the United States and offers 360° views of Yellowstone Park, the Tetons and all 3 bordering states. This expanded advanced and extreme terrain provides white-knuckle descents for even the most seasoned of skiers.

With all this in mind, come experience your physical and spiritual awakening this winter at Big Sky Resort and Moonlight Basin.
